

Anyone can enter, but Google trip and eepC prizes are available to A-level students only. Separate prizes for other contestants available. See website for full details, rules, ideas and sample videos. This competition is brought to you by the Computer Laboratory at the University of Cambridge and is supported by Google.

Create a short movie or animation with a Computer Science theme, such as "What is Computer Science?", "how does Google work?", "how we depend on Computer Science" or "why CS isn't IT."

What is Computer Science?
Tell everyone
with a movie
in two minutes

Make your movie funny, informative, or whatever you like. It's the idea that counts. Stuck for ideas? Want to learn more? Visit our website for rules, hints, and tips! Closing date August 15 2008.
